3D Graphic Designer

Location: 100% Remote - Anywhere

To apply for this position please send your CV to recruitment@singularitynet.io informing the job title in the email subject line.

SingularityNET is looking for a very creative 3D Graphic Designer to join our team!
The successful candidate will have an opportunity to work with a fantastic Marketing team and AI development focused driven ecosystem.

What you should know about the SingularityNET organization

SingularityNET is the world's leading decentralized AI platform and organization. The SingularityNET decentralized network, and the associated nonprofit SingularityNET Foundation, were founded in 2017 with an extraordinarily ambitious and important mission: To work toward beneficial Artificial General Intelligence (AGI) guided and controlled in a democratic and decentralized manner. Now in an exciting exponential growth phase, SingularityNet is launching a number of inspiring and ambitious spin-off projects planned as part of its Phase 2 whitepaper, including infrastructure, media and biomedical projects.

Global and decentralized, SingularityNET works with a team of c.a. 100 talented scientists, engineers and operational experts, working either remotely or in hubs of excellence worldwide. At SingularityNET we value collaborative and creative ways of working, within a culture of openness and transparency where every team member is empowered to make their finest contribution and thrive. We are committed to diversity and inclusion and all candidates are welcomed and encouraged to apply irrespective of race, gender, age, religious beliefs, LGBTQ+ affiliation or any other minority characteristic.

What we are looking for:

SingularityNET is looking for an outstanding 3D Graphic Designer to ensure the optimal imagery and designing of their decentralized applications. The graphic designer will be responsible for strategizing and creating imagery and visuals. The candidate will collaborate with software developers, UX/UI engineers, and management in order to assure that elements of the app are functioning as intended with a very creative visual. The applicant must have an analytical mind and attention to the smallest of details. A strong ability to distill complex problems into simple, elegant solutions is key to success at SingularityNET. We are a fast-paced company with a pioneer spirit, so the majority of the work will be focused on innovating original and creative content and application, as well as final deliverables and solutions that work in the real world.

Your responsibilities will include:

To be successful in this role you will need to be able to:

- Design images for blog posts, social media, and occasional other publications
- 3D imagery and modeling experience
- Have a keen eye for design/marketing/branding
- Be able to work quickly/respond to last-minute requests
- Good time management/planning skills
- Able to deal with constructive criticism and design options.
- Team player
- Other duties as assigned.

Requirements:
- A Bachelor's Degree in Computer Science or equivalents
- Previous experience in 3D Video Modelling and Game Design
- Wordpress framework web designing experience
- Desirable UX/UI knowledge
- Desirable Blockchain and AI industry design experience
- Desirable video editing experience
- A kind personality and general friendly attitude in dealing with the organization's staff, and also especially with external partners and customers from the ecosystem.
- Creative, organized, detail-oriented and proactive.
- Flexibility and ability to work different time zones and with different cultures

What you will get in return:
- Being part of one of the greatest AI and blockchain teams in the world that aims to create beneficial Artificial General Intelligence for the good of humanity
- Work on multiple projects that each have the potential to change the world in domains like health, finance, media, and computing
- A lot of freedom and responsibility in organizing your work hours and location
- Opportunities to advance your career in many potential directions
- Salary and benefits in line with your experience and based location.
